12901 Beltex Road  
Manor, TX 78653-5405

Dear Mike,

Thank you and the Nortex team for the coordination, delivery and installation of our 28' x 64' multi-purpose building.

The building was actually ready for delivery before we were. Nortex's willingness to stage our building at your location while we completed our site preparation was much appreciated.

The installation was impressive. Your team had the building delivered, anchored, and ready for utility hookup with 72 hours of delivery. The crew was efficient and professional.

Lastly, thank you for your overall coordination and assistance in dealing with the City of Austin on the necessary permit approvals.

Please feel free to use St. Theresa Catholic Church as a reference if necessary.

Many thanks for everything,

Neal McMaster  
Business Manager
