Subject: A note of gratitude

Jim -

I have been meaning to send this note to you for a while, my apologies it's so late.

I just wanted to say that although I wasn't the Cibolo Creek project leader for this year's installation of the new portable building, I did play a small support role to the team leaders, and worked directly with your project managers David H. and Wade A, and wanted to make sure that you knew that both your guys did a great job. I worked mostly with Wade on the second half with finishes and he really went out of his way to make all of our requests complete and satisfactory. He helped us get in compliance with our inspections, and moved quickly to make it all work.

In regards to my responsibilities on this project, your company has been great to work with. Thank you!

*In Serving Him -
Thank you!*
