I would just like to say thank you for all your help in making the vision of our modular building come to life in the short time frame you were given. We were able to start classes in the building on Monday, January 14<sup>th</sup>, just as we had hoped. You were very helpful and understanding throughout this endeavor. I really appreciate all you did for us.

Sincerely,

A handwritten signature in blue ink that reads "Gaylene Nunn". The signature is written in a cursive style with a large, stylized 'G' and 'N'.
