**Subject:** Letter of recommendation from UTD

I would like to personally recommend Nortex as an outstanding vendor for UTD.

We are currently building our 5<sup>th</sup> rush temporary building project using Nortex. As with every temporary building project, our upper management came in with a last minute need to have classrooms up and running before fall classes start. Once again Nortex is the only company we would trust to make sure we meet the project schedule and cost on time and on budget. We could not recommend a better company for customer service, quality work and easy TXMAS government pricing.

Regards,

Paul Watson, C.P.M. [pwatson@utdallas.edu](mailto:pwatson@utdallas.edu)
