Nortex Modular Space  
Denver Area Office

To Whom It May Concern,

Meadowood Village Manufactured Home Community would like to express our total satisfaction with Nortex Modular Space for the construction of our new Office Building.

From the start to finish, Dan Rasmussen showed extreme professionalism on his part and was a pleasure to work with.

Max Cockren, with his many years of experience was just as professional and enjoyable to work with.

We at Meadowood Village MHC are very happy with our completed office/community room.

We would gladly recommend Nortex to anyone who is interested in the work you folks do. If someone expresses their interest in seeing our building, we would be happy to show it "off" to them.

Thanks again for a job well done.

Sincerely,

Meadowood Property Managers  
Tom Wilnau and Gayle O'Tremba
